Dr. Lesia Lennex
601H Ginger Hall

Dear Dr. Lennex:

Thank you for the final recommendations from the Strategic Planning Committees. I want to express my appreciation to all of the members of the committees for the tremendous effort undertaken to review and refine the University's strategic plan. The strategic plan, as you well know, will provide a vision for the institution to move forward during a changing climate for higher education and challenging economic times in our nation, state and region.

The updated strategic plan will be shared with campus and their input invited during January. It is my intent to present the new strategic plan to the Board of Regents in the spring for their ratification.

Again, many thanks to you and all of the members of the committees for your thoughtful work!

Sincerely,

Joseph A. (Jay) Morgan
President
