Re: MGSE Department Chair Search

I would like to take this opportunity to thank you for the role you took on as a member and chair of the search committee for the Middle Grades and Secondary Education's department chair position in the College of Education. The task of a search committee requires time, commitment, and thoughtful review and deliberation. This was an important search for the department and the college and while it was a failed search, your time was the same as if a permanent department chair would have been hired. I personally would like to thank you for your dedication to this significant service contribution.

cc: Dr. Wayne Willis
Interim Chair
Middle Grades and Secondary Education
